OHIO STATE'S ISLAND CAMPUS ON LAKE ERIE

FT. Stone Laboratory, The Ohio State University's island campus, is the Lake Erie research and teaching laboratory for the Ohio Sea Grant College Program. Course credits are based on the Ohio State University semester credit system and are transferable to most colleges and universities.

Door prizes will be given to four high school or college students.

One lucky high school or college student will win a scholarship for housing and meals for one week while attending Stone Lab in summer 2017, 2018 or 2019 (up to a \$415 value). The winning student must meet enrollment and eligibility requirements (award is non-transferable and other restrictions may apply).

Auction bidding typically starts at one half of the dollar value. Winning bid includes taxes if applicable.

Contact Nancy Cruickshank to make your tax-deductible contribution to the 2018 Winter Program and Silent Auction.
