

YES, *I would like to be a*

Friend Of Stone Laboratory!

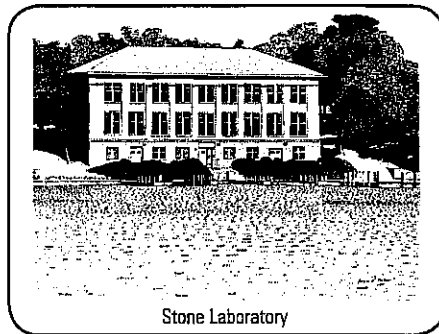

All donations made to the Friends of Stone Laboratory (FOSL) are welcome. Suggested donation levels are \$20 per year for students and \$50 or more per year for individuals/families. Members will receive a one-year subscription to Twine Line, the award-winning publication of the Ohio Sea Grant College Program that includes news, updates, and information on special events related to FOSL. In addition, these donors and their immediate family qualify to stay overnight on Gibraltar Island for FOSL events.

A donation of \$100 entitles the donor to the privileges described above as well as an honorary deed to one square meter of Gibraltar Island, the home of Stone Laboratory.

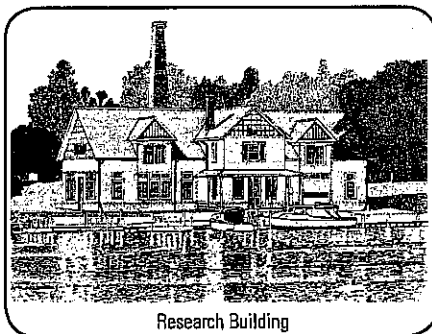

A donation of \$250 or more to the John L. Crites Research Endowment also entitles the donor to their choice of one limited edition print drawn and donated by Dr. John Crites, a researcher, professor, and associate director at Stone Laboratory from 1965 to 1980. These pen and ink drawings (at the right) depict four of the historic buildings associated with Stone Laboratory.

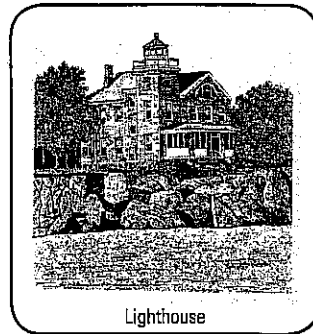

Cooke Castle

Stone Laboratory

Research Building

Lighthouse

All gift option descriptions are located on the reverse page.

All donations may be designated for any account. These accounts are briefly described on back. Donations are tax-deductible and directly support the students and programs at Stone Laboratory.
