CURIOUS CRITTERS.

David FitzSimmons

David will talk about the history of the project, his techniques and challenges in photographing creatures against white backgrounds, and his travails and successes in self-publishing. Hear stories of animal antics and see amazing images, including sea life from his newest book, *CURIOUS CRITTERS: Marine*.

*Curious Critters Volume One* has sold over 100,000 copies and won six national book awards. Learn more about the author and his books at [curious-critters.com](http://curious-critters.com).
